## **THE 2023 BUGATTI SALES EXCELLENCE PROGRAMME — EVAN CYGLER AND BUGATTI GREENWICH NAMED AS WINNERS**

Placing a spotlight on the exceptional sales talent across Bugatti’s network of partners and celebrating outstanding contributions to the marque, Bugatti has crowned the global winner of the Bugatti Sales Excellence Programme. This year again appointing Bugatti Greenwich Brand Manager Evan Cygler, who claimed his third consecutive win, further underlining his remarkable achievements and demonstrating his passion for the brand.

Cygler not only showcased extreme dedication to designing incomparable experiences and interactions for his customers, but also played a crucial role in helping them create their dream cars. In 2023, for example, he followed the development of the unique Chiron Super Sport<sup>1</sup> ‘Golden Era,’ working with the customer and the Sur Mesure team, to ensure that the illustrious work of art was brought to life. But 2023 was also the start of the configurations for the unique modern day Bugatti roadster, the Mistral<sup>2</sup>, and the track-only Bolide<sup>3</sup>, which will soon enter production in the Molsheim Atelier.

As an acknowledgement for his performance in 2022, Evan Cygler was given a once-in-a-lifetime opportunity, that he shared with some of his customers, to realize a feat that few owners have ever achieved — taking a Chiron Super Sport past the 400 km/h barrier at Space Florida’s Launch and Landing Facility at the Kennedy Space Center in Florida.

Evan Cygler, said: “It is really unbelievable to have been named ‘Best-Performing Brand Manager’ for the third time in a row. I really want to thank the Bugatti brand for its trust. The love I share with my customers for Bugatti and its unrivalled hyper sports cars is my daily driving force. Going above and beyond to hone truly unique experiences for them and help them to realize their wildest dreams is where my dedication lies.”

Attached to the brand’s legacy, Cygler, like other brand partners, also focused on making sure pre-owned Veyrons and Chirons found new owners in 2023. Through a combination of personalized service, attention to detail, and a deep understanding of the unique qualities of these automotive masterpieces, Cygler diligently assisted the change of ownership, ensuring that each new customer enjoyed a smooth journey.
